**A Note about the Hebrew and Greek Texts for the Son's Names**

The New Testament was written in Koine Greek, of course, and that's the starting point for serious exegesis of its writings. The Hebrew names derived here come from the Salkinson-Ginsburg Hebrew New Testament (1999 edition) which I compared to F. Delitzsch's older Hebrew translation of the Brit Chadashah as well as with the Robinson-Pierpont Majority Text (1995), the Westcott and Hort NT, and the Friberg NT (UBS3/4). I also cross-checked against the LXX and various Jewish sources.
